

Overdose Alert.

August 7, 2024

Grey Bruce Public Health has been notified of 4 suspected drug poisonings, including 1 fatality, that occurred August 3-6th in Owen Sound, Hanover, and Grey Highlands. Fentanyl is suspected in 2 cases, including the fatality. Route of administration was smoking in the fatal case.

Follow these harm reduction practices:

- Don't use alone. Have a trusted, sober friend present. Call or text NORS 1-888-688-6677 if using alone.
- Get overdose prevention training & carry a naloxone kit.
- Take extra caution if mixing substances. Mixing substances can increase the risk of harm and drug poisonings.
- Go slow. Always start with a low dose and increase slowly, especially if trying something new or restarting use.
- Use only new supplies and avoid sharing supplies. This reduces the risk of getting or passing on an infectious disease. Supplies are available at GBPH and community partners.
