Grey Bruce Public Health

Pick-up & Drop-off Locations for Well Water Testing Program

Please note: Water samples must be tested by PHO within 48 hours of when you collect the sample in your home to ensure sample integrity. It is critical that you collect the sample and drop it off at your preferred location as close to the scheduled pick-up time as possible. Ideally this would be on the scheduled pick-up day – before the courier arrives – but you can also collect the sample and drop it off the day before pick-up day.

Monday to Friday pick-ups
